

The Veterans' Graves Registration File for Howard County, Indiana

**Compiled by
Kent A. Smith
2000**

In **1940** the American Legion Post 6, in cooperation with the Works Progress Administration, attempted to locate the grave of every veteran buried in Howard County, Indiana. It was determined that 1799 soldiers were buried in the county as of 1940: 5 from the Revolutionary War, 13 in the War of 1812, 18 in the Indian Wars, 37 from the Mexican War, 1322 from the Civil War, 69 in the Spanish American War, and 204 from World War I. Please be aware there are several veterans believed to be buried in Howard County who were not listed in the Veteran's Grave Registration.

Kent Smith's entire book, compiled in 2000, is available for research at the Kokomo-Howard County Public Library. The book's contents are as follows: Part One, Alphabetical List of Veterans (*as noted in the following web document*); Part Two, Alphabetical List Arranged by Cemetery; Appendix A, Veterans not in Veteran's Grave Registration (*as noted at the end of this web document*); Appendix B, Cemetery Locations.
